**Subject:** NUKE THEM: RE: This is another of the Mystery e-mails that failed to appear on my computer in its original iteration.

Not sure I understand what the mystery is, but I think you know that most importantly I understand why you won't be part of a videotaping promoting you repeatedly avoiding doing the right thing, and the fact that you are not alone should provide you not much comfort bearing in mind again I remind your mind that you are part of the maddening crowd sending our so poorly paid poor to war to

commit unspeakable atrocities and when they come home they first take their vengeance out on their spouses followed by their kids.

Shame on you!

Let me know if you have trouble understanding perfectly my simple English as well as whether you would like to see a private showing of a most voluptuous Lily White Wheaty Man-eater woman that felt no reservations being on camera with her position not dissimilar to yours but at least she is honest to admit her total lack of respect for anyone that is not "successful" which she measures purely in monetary terms; not to mention also her lack of reservations were say a neighbor like Mexico to revalue their currency to reflect both their hard working, non-aggressive, plenty of water and oil rich population, to "nuke them", no surprise that it was the same solution to any population group/country questioning the American "status quo".

Not to mention how so very brazen to disparage the hard working Mexicans which she ensured were within earshot who of course I did more than simply "canvass" during the intervals when she had to go to bathroom to powder her nose.

BTW she loved me describing Marie's Revlon Make Up Chart cartoon first made available to the "Smart money" tribe on [www.footsak.com](http://www.footsak.com); moreover my Royal Mater-Mother's verbiage, "My son what will happen with my "Love that pink" lipstick if Revlon goes down the tubes.

Re: Comport v. Revlon, Inc., et al.  
USDC SD New York - Civil Case No. 99CIV.10192

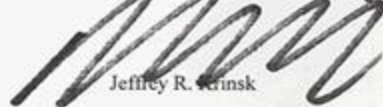

Dear Gary:

By separate cover I sent you a copy of the decision, which will be cited for many years.

We attempted but were unsuccessful in scanning a copy of a copy which is not unusual. Notwithstanding any resulting difficulty, please spare no effort in "stirring up the pot" to find individuals with evidence and have Revlon aware their misdeeds are under a microscope and will only increase in intensity!

Sincerely,

FINKELSTEIN & KRINSK

Now think drill-drilling-drill followed by oil-oil-oil and why US military commanders have yet to call for the drilling of whatever oil wells it takes to eliminate in an instant that 60% oil dependency of the United States that keeps our poor fighting our oil tyrants' poor, so that people such as yourself shouldn't be allowed to get away "scot free" with the so class warfare "economic draft".

Can you tell me if you saw anything interesting on TV or in a Hollywood tabloid talking about someone famous' sex life that still doesn't prevent you from sleepless nights thinking when will the next shoe fall?

No error with the shark either. I am now headed for a swim. What are you doing for dinner?  
Would you have a problem if I videotaped our discussion that will center around this last most recent series of emails between myself and Mr. Clark, the proprietor of our Minehead Seacrest café:
